

Llano Jr. High Band Instrument Drive

Parents: We are so excited to have the opportunity to meet and work with your student. We will be getting started very soon on your child's musical journey.

***HIGH SCHOOL MUSIC SERVICE** from San Antonio will be coming to our school on Monday, August 17, from 3:35-6:00. They will have both new and used instruments to purchase or rent. They have a great "rent to own" program. You do not have to get an instrument from this company-they are here as a convenience to you. This company comes to LJH once a week to bring supplies or take any needed repairs.

****New to us this year, you can also scan the QR code below and do everything online.** If you decide to rent or purchase one this way, it will be delivered to the school. You just need to enter our information where it says school. Enter either LLANO MS or 78643 to get started.

*****Some of you may already have an instrument from an older brother or sister (parent).** If this is the case, please bring it to us to let us make sure it is in good condition.

****** If you are unable to rent or purchase an instrument at this time, that is fine. Please contact Mrs. Mazur-325/247-4659 and leave a message with your name and number. We do have a**

few instruments that we do lend to students. Please let Mrs. Mazur know if you need to use one of these-so that one can be set aside for you. **ALL of our larger instruments**-French Horn, Euphonium (Baritone), and Tubas are owned by the school. We will check these out to the students to use for the entire school year. *Students will be expected to take good care of these instruments.* Students using a school instrument may want to purchase a mouthpiece of their own, but this is NOT required.

*******Regardless of which option you choose, please know that we will do anything that we can to make sure each and every child has an instrument. *Students will each have a locker and NO STUDENTS will share an instrument with any other student.***

We look forward to a very successful and exciting year!
